READY REFERENCE LIST

EMERGENCY CALLS

The quickest way to report a fire or other emergency is to dial the number direct. A convenient space for entering such important numbers is provided below. However, if you do not know the number, dial Operator and say: "I want to report a fire," "I want a policeman," or "I want an ambulance". Then tell the Operator where help is needed—giving the telephone number, street address, and the town or community from which you are calling.

Published and Copyrighted 1952 by The Southern New England Telephone Company

GENERAL INFORMATION

Listen Before You Dial

Remove the receiver and listen for the dial tone—a steady humming sound. This indicates that the dial equipment is ready to take your call. Please do not dial until you hear it.

How To Dial Another Party On Your Party Line

If you wish to know the names of the other parties on your party line, dial 114—Repair Service—give your number and ask for the other parties on your line.

If you wish to call one of the parties, dial 114—Repair Service—to obtain instructions for dialing.

Please enter the numbers given you in the ready reference list on the inside front cover of your directory.

If you experience a continual busy tone on a number you are dialing, it may be that the person you are calling is on your party line. This can be determined by dialing 114—Repair Service.

If your bell rings upon hanging up after a busy signal, it may be that the party you were dialing is on your party line. In such case your bell will continue to ring at regular intervals until your party answers. Then remove your receiver and begin conversation. If the called party does not answer, please stop the ringing by removing your receiver for a couple of seconds.

Recording Devices

A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of a recording machine connected to the telephone line. The "beep"

stops when the recorder is disconnected. Use of a recorder without this signal is not permitted.

Party-Line Courtesy

Satisfactory party-line service depends upon the cooperative use of the service by all on the line. Please give immediate right-of-way to emergency calls.

Before you dial, make sure the line is not being used. If someone else is dialing tell him you've interrupted and hang up. If someone interrupts while you are dialing, ask the other person to hang up; then replace your telephone for a moment and dial again.

Directory Listings

Every subscriber may be listed once in the alphabetical section of the directory without charge. Additional listings may be arranged for at an extra charge.

The letter "b" following a name denotes that it is a business listing.

When you receive a new directory, we suggest that you check your listings. If they are incorrect, please call the Business Office so that we may change our records for the next issue and protect your service in the meantime.

Bills for Service

Bills are rendered monthly and are payable upon receipt. If you pay your bill in person please bring the whole bill with you. If you pay by mail, enclose only the bill stub with your remittance.

If you wish any information about your bill, please call the Business Office (see Page 1). Bills may be paid at any Business Office of the Company. Payments may be made in person at the locations listed on Page 1.

TELEPHONING OUT OF TOWN

(OUTSIDE OF TOLL-FREE CALLING AREA)

FOR RATES SEE INSIDE BACK COVER

STATION CALLS

From Dial Telephones—Dial Operator ★

Station calls are those on which you ask the operator for the desired telephone only. The charge begins when the called telephone answers. These calls are handled more rapidly and at lower rates than person calls.

★Exception—on all calls from Thompsonville to Springfield, Massachusetts—dial "9" and give call to answering operator.

PERSON CALLS

From Dial Telephones—Dial Operator ★

Person calls are those on which you ask the operator to call a particular person to the telephone or to reach a particular department or extension of a private switchboard. The charge begins when the desired person, department or extension answers. The charge is higher than for a station call.

★Exception—on all calls from Thompsonville to Springfield, Massachusetts—dial "9" and give call to answering operator.

COLLECT CALLS

From Dial Telephones—Dial Operator ★

If you want the charge for a toll call to be put on the bill of the called party, tell the operator when you make the call that it is a "Collect Call." If someone at the called telephone agrees to accept the charges, you will be connected. Collect calls cost no more than other toll calls, except in the case of station calls having an initial period charge of 20c or less in Connecticut and 25c or less out of State.

★Exception—on all calls from Thompsonville to Springfield, Massachusetts—dial "9" and give call to answering operator.

APPOINTMENT AND MESSENGER CALLS

Appointment calls, when you ask the operator to arrange to complete a call to a particular person at a particular time, are made at the person rate. Messenger calls, when it is necessary to employ a messenger to call the designated person to the nearest telephone, are made at the person rate plus the charge made by the messenger.

MOBILE SERVICE CALLS

Many automobiles, boats, trains and trucks are now equipped for mobile telephone service. To reach an equipped vehicle, dial the operator and ask for "Mobile Service Operator."

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms by following the instructions shown under the telegraph company listings in this directory. The charges will appear on your telephone bill.

From THOMPSONVILLE:

To call WINDSOR LOCKS—Dial the listed number.

I've got your number!

Just keep me in a handy place, near your telephone, and I can help you a lot.

You-see, that's what I was made for, to give you correct telephone numbers. Oh yes, I can give the correct spelling of names and I can verify your neighbor's initials. But giving you correct telephone numbers is my main job.

It's always a good idea to be sure of a telephone number before you call. One wrong number wastes more of your time than it takes to look up half a dozen right numbers.
